WHEREAS the city of Verneuil-sur-Seine, in France has unfortunately suffered a climatic disaster in 1999, such as Beaconsfield has encountered in 1998.

WHEREAS the similarities which exist between the City of Verneuil-sur-Seine and the City of Beaconsfield, Québec, Canada, i.e.:

- **Verneuil-sur-Seine is located 25 minutes from Paris and Beaconsfield is located 25 minute from Montreal, two large cities;**
- **The City of Verneuil-sur-Seine values its wooden areas and its nautical activities and Beaconsfield, a waterfront city on Lake St. Louis, considers itself "a town and country lifestyle" with its tens of thousands of trees of different types;**
- **Verneuil-sur-Seine is essentially a residential city, oriented toward family, just like Beaconsfield**

It was moved by Councillor E.A. Dahl, seconded by Councillor A.M. Parent and UNANIMOUSLY RESOLVED that the Beaconsfield Municipal Council, inform the city of Verneuil-sur-Seine, of its interest to establish some relations, which could eventually lead to twin our two municipalities.

Furthermore, after having lived the same experience and to demonstrate our sympathy towards a city which has lived the same trauma, the City of Beaconsfield wishes to donate to the City of Verneuil-sur-Seine, trees to replace some which were destroyed during the disaster. To this effect, we are pleased to enclose our cheque in the amount of 5,000 francs.
