##### **SECTION 2** - APPLICATION

2. The director is responsible for the application of this by-law.

Any peace officer, official or employee of the municipality may visit and examine, at any reasonable time, any real property or personal property, for by-law application purposes. Owners or occupants of those properties must allow peace officers, officials and employees of the municipality to enter.

### **SECTION 3 - REGISTER**

3. Every operator must keep up to date a register whose format is set out in schedule A.

The register entries must be in block letters, in French or in English, so as to be clearly legible, in the chronological order of transactions that must be numbered consecutively, without erasures or deletions.

4. All items found in a pawnshop or an establishment dealing in second-hand goods must be entered in the register, except those which were not subject to a transaction or are not intended to be so.
5. The following information must be entered in the heading of the register prescribed in article 3: operator's name and phone number, name, address, phone and fax numbers and email address of the business, and the identification number assigned by the Service de police.
6. On receipt of any item, for sale, exchange, consignment, repair, or estimate purposes, or any other purpose, irrespective of the origin of the item, every operator must enter the following information on the register prescribed in article 3:
  - (1) the lot number assigned to the item in accordance with article 12 of this by-law;
  - (2) a full description of the item received, identifying its nature and the following characteristics: the color, brand name, model, title, in the case of a book, a compact disk or a digital videodisk, the information required in section 155 of the *Highway Safety Code* (R.S.Q., chapter C-24.2) and a photo, in the case of a motor vehicle, the serial number and any other distinctive feature, as well as the item code provided by the Service de police;
  - (3) the family name and first name, full address, date of birth, and a description of the physical features of the person from whom the item was received, as well as the number of an identification document with photo, or any other document confirming the person's identity;
  - (4) the date and time of receipt of the item, as well as the family name and first name of the person who received it;
  - (5) the amount of money given on receipt of the item.

When the item received is a jewel, the description required under paragraph (2) must also include the number of carats, the weight in grams, and all visible inscriptions. In addition, a picture of the jewel must be added to the register.

7. Every operator must enter in the register prescribed in article 3 the family name and first name of the person to whom the item was sold, delivered, given in exchange or otherwise handed over, as well as the date and time of the transaction.
8. Every day, before 10 a.m., the register in which the previous day's transactions were entered must be submitted to the Service de police, in accordance with the requirements prescribed by ordinance.

Where no transactions took place, the register must nevertheless be submitted with a note to that effect.

9. Every operator must retain the register for at least one year.

### **SECTION 4 - INSPECTION**

10. Every operator must show the register prescribed in article 3, as well as any item, to the peace officer who so requests, for examination purposes.

**SECTION 5** - PROVISIONS RELATING TO ITEMS

12. On receipt of an item, every operator must assign it a lot number. The lot number must be entered on a label affixed to the item until it is handed over by the operator. The label must be legible and remain affixed to the item at all times.

A new lot number must be assigned for each item received, even if it is an item that had already been received in the past.

13. Every operator must keep, on the premises of the establishment, for at least 15 days from the date of receipt, the original contracts, as well as the items received, under the conditions in this section.

Despite the first paragraph, the person from whom an item was received may recover it within 15 days.

During the 15-day period, the item must be set aside from other items in a place where it may be inspected by any peace officer. During such an inspection, the peace officer may be accompanied by any person likely to help him identify items reported as stolen.

14. No operator may receive an item:

- (1) from a person less than 14 years of age;

The operator must retain that report, on the premises of the business establishment, for at least one year. He must produce the report, at the request of a peace officer;
- (5) whose serial number was altered, hidden, modified or ripped away.

**SECTION 6** - SIGN
