Minutes of the City of Beaconsfield's regular Municipal Council meeting, held at City Hall, 303 Beaconsfield Boulevard, Beaconsfield, Québec, on Monday, November 17, 2025, at 8:00 p.m.

WERE PRESENT:

Mr. Mayor Martin St-Jean and Councillors Dominique Godin, Marie Léveillé, Robert Mercuri, David Newell, Jason Rossie, Tim Quinn

ALSO PRESENT:

Patrice Boileau, Director General, Nathalie Libersan-Laniel, City Clerk and Director of Public Affairs, Dominique Quirk, Assistant City Clerk

1. OPENING OF MEETING

Mr. Mayor calls the meeting to order.

2. AGENDA

2.1 Adoption of the agenda of the City of Beaconsfield's regular Council meeting of November 17, 2025

2025-11-467 It is moved by Councillor Dominique Godin, seconded by Councillor David Newell and UNANIMOUSLY RESOLVED to adopt the agenda of the City of Beaconsfield's regular Council meeting of November 17, 2025, as presented.

5. PUBLIC QUESTION PERIOD

Mr. Mayor thanks residents for their support and confidence in electing him. It is with great humility that he accepts the challenge. He shares with the residents that it is with sincere intent that he will work to make our beautiful City event more beautiful. The Mayor plans on working with optimism, collaboration and a shared vision of the City's future. He encourages residents to participate in municipal life and have their voice heard. Councillors thank one by one the residents for their support.

Mayor St-Jean invites the new PDQ1 Commander, Eric Gosselin, to provide updates and information regarding citizen safety in Beaconsfield.

Mr. Mayor announces the beginning of the public question period.

A resident would like to know how to become a member of a committee and asks if it is a transparent and fair process.

Mr. Mayor explains that the City has a policy governing the creation, appointment, and operation of Council advisory committees. This policy does not apply to the Demolition Committee, which is made up solely of three elected officials as required by provincial law. When a committee position becomes vacant, the City publishes a call for applications on its website, in the news section and on social media.

A resident would like an update on the Montrose bus route.

Mayor St-Jean indicates that the STM met with Montrose residents to hear their concerns and suggestions. The STM has committed to analyze the requests and plans to meet again, though no dates have been scheduled yet.

A resident mentions that the need for sound walls along the A20 and train tracks during the election campaign was raised, emphasizing traffic noise as a public health issue supported by expert opinion. He recommends having the government fund the sound walls. He also asks the position of the new Council on this matter.

The Mayor explains that the new Council has not yet addressed the issue. He adds that a letter from a health official needs to be given appropriate consideration.

Minutes of the Council of Beaconsfield

A resident indicates that with a new party in office at Montreal City Hall and the announced delay of the West island REM, she suggests that the new Beaconsfield Council develops a new strategy to advocate parking at the REM station. This could replace the suggested solution which involves that STM buses go through a low-density suburban.

Mr. Mayor indicates that the new Council will review the matter and examine relevant factors and options including advocacy for car parking at REM. The Mayor brings up the fact that having parking at the REM would not necessarily mean that the bus option will no longer exist, since it is important to meet the needs of all residents.

A resident indicates that several women stay in abusive situations because shelters often do not accommodate pets, so a plan is needed from Beaconsfield and the SPVM to help keep women and their animals safe together. She adds that the building at 138 St-Louis, is near her home, that it could be renovated instead of demolishing.

Mayor St-Jean reiterates that the question has been answered earlier.

A resident proposes to ensure efficient communication to form a Committee of City Councillors, employees of the City and residents to prepare a response to the STM, response which he believes will be mid December.

The Mayor indicates that he will look into it and that someone will get back to him.

A resident asks if Council is open to the idea of mandating the Administration to conduct a citizen consultation to identify information needs and assess the feasibility of implementing a "citizen dashboard" which would provide real-time tracking of all municipal projects from major to individual request. She also suggests the idea of mandating the Administration to create a "Citizen Innovation Lab" that she describes as a "flexible advisory tool" to provide creative and multisectoral solutions to the City's most sensitive issues, such as flooding or revenue diversification.

Mr. Mayor answers that there is a willingness from the City to evaluate possibilities for effective improvement but cannot commit tonight. He adds that he or another member will get back to her.

A resident that has asked a question online, reiterates her point concerning a shelter for abused women which accommodates domestic animals. She also suggests that the bus pass on Elm instead of Montrose, she believes it will benefit all residents.

The Mayor thanks the resident for her suggestions.

The question period ends at 8:39 p.m.
